

MISSION & VISION

Queue's mission is to ensure your success with business transformation to the cloud while continuing to support on-premise and hybrid services. We understand the challenges of moving to the cloud, so we apply best practices, tailored to your organization, to recommend, then deploy, cloud services that meet your specific needs.

We do this by tailoring appropriate solutions to a client's unique requirements, keeping in mind that no solution is complete unless it meets a company's current and future needs. Success is based upon two principles: implementing solutions efficiently and professionally and delivering the most responsive possible support.

Leveraging Technology to Promote the Success of your Business.

Queue Associates Worldwide, UK Limited

“

Providing the highest quality Microsoft business solutions tailored to the unique needs of our clients, ensuring both current and future requirements are satisfied.

— The Queue Team

ABOUT US

Queue Associates Worldwide, UK, Limited, is the full-service UK company, located in London, United Kingdom, part of the international, wholly-owned companies of Queue Associates, Inc., a **Microsoft Dynamics Gold Certified Partner**, focused on providing Microsoft solutions to domestic and global organizations. These solutions include accounting and finance, project accounting, human resources, enterprise resource planning (ERP), and customer relationship management (CRM) systems. Our team comprises full-time Microsoft Certified Developers and Microsoft Certified System Engineers in addition to certified public accountants (CPAs). Our depth of expertise enables us to support more than 480 clients worldwide.

WHY CHOOSE QUEUE

Putting our clients' needs first really does make a difference. The difference is in a 98.8% client retention rate – a difference that helped Queue Associates earn one of Microsoft's most prestigious awards: the Microsoft Dynamics SL Partner of the Year award. Our client-first philosophy was something we carved in stone when we started out and we take in it pride every day. We are there when our clients need us, every time they need us.

WHAT MAKES US UNIQUE

Queue Associates Worldwide, UK, Limited uses the Microsoft Dynamics SureStep methodology to help ensure your implementation is a success. Microsoft Dynamics SureStep helps us to deliver predictable, on-time, on-budget implementations that meet or exceed your business requirements, provide rapid return on investment, and help you be poised to meet future needs as your private or public sector organization evolves.

Our unique Business Process Review methodology is conducted by our award winning team to ensure that every recommended solution satisfies a client's current and long-term requirements. In addition, clients enjoy access to our comprehensive portfolio of services, including need assessments, installation, implementation and training, customization, and ongoing customer support.
